I see, I think, I wonder...

Have you ever wondered....

What is a group of butterflies called?

What is a group of bees called?

What is a group of trees called?

Little Seed

Zum, zum, zum  
Busy bees go hum  
Zum, zum, zum  
Busy bee goes hum  
Flitting around don't they look funny  
Collecting nectar to make honey  
Zum, zum, zum busy bees goes hum

Little seed small and round starts to grow in the ground  
Little shoot reaches high all the way to the sky.  
Little shoot starts to flop withers, withers, withers and drops
